ABOUT US

It all started 25 years ago in Stanley, Tasmania with one helicopter, one pilot and a lot of potato paddocks to spray.

The family business continues today with **Osborne Heli Tours** offering spectacular scenic helicopter flights over the mighty sea cliffs of the **Three Capes** region and **World Heritage Listed Port Arthur Historic Site**.

Taking off from a custom base in Port Arthur, amazing aerial views are delivered alongside stories and commentary from a chatty pilot.

OUR LOCATION

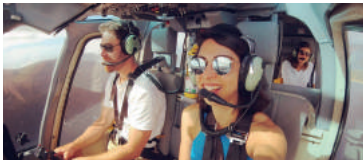

Osborne Heli Tours is located on the Tasman Peninsula in Tasmania's South-East.

A spectacular drive, taking a little over an hour from Hobart (less from Hobart International Airport), visitors will arrive in this unique part of the island state.

Home to the dramatic **Three Capes** and the World Heritage listed **Port Arthur Historic Site**.
